MASTER OF MANAGEMENT

SK DIKTI No. 1622/D/T/2008.

Understanding and acquiring skills required to be an effective manager in industries is a must to win the competition in the digital age. MM UNIKOM will give you an understanding of contemporary management issues in an ever-changing business environment, and the chance to apply your knowledge to real-life management challenges. Our MM Program is designed for early-career managers and professionals, and also fresh graduates, from various disciplines who aspire to learn competitive strategies for business. Unlike other MM programs, as computer-based university, we strongly emphasized Information Technology mastering and linked IT to various subjects in the curriculum. The role of information technology in business cannot be dismissed in the Digital Economy. In addition, with an excel accreditation (Based on the decree from Badan Akreditasi Nasional), our MM programme contribute valuable and qualified knowhow to start a business, as well as advance future career. Elective options across a range of business disciplines including entrepreneurship, marketing, operations, information system management, finance and human resource help you to build a strong skillset across business disciplines. Curriculum of MM UNIKOM balancing theory and practice, with a high relevancy to Indonesia current situation, combined with case studies, company visit, international conference, seminar, and guest lectures by inviting CEO, CFO, CMO, official from prominent companies, practitioners, and academicians. Complete learning facilities, a conducive learning environment and a quality curriculum creating valuable and enjoyable learning experience. MM UNIKOM warmly welcome you to join with us to LIVE YOUR LIFE AND ADVANCE YOUR FUTURE.
